TECHNICAL PROGRESS REVIEWS

The Division of Technical Information, U. S. Atomic Energy Commission, also publishes four journals on nuclear technology, the Technical Progress Reviews. These journals summarize, evaluate, and reference the progress of development in four important fields. *Nuclear Safety* is a bimonthly journal; the other three are quarterly journals.

Isotopes and Radiation Technology P. S. Baker, A. F. Rupp, and associates, Oak Ridge National Laboratory. Reviews AEC-sponsored projects and related significant worldwide developments in radioisotopes and radiation technology.

Nuclear Safety Wm. B. Cottrell, W. H. Jordan, J. P. Blakely, and associates, Nuclear Safety Information Center, Oak Ridge National Laboratory. Covers topics relevant to the analysis and control of hazards associated with nuclear reactors and with operations involving fissionable materials and the products of nuclear fission.

Reactor and Fuel-Processing Technology Argonne National Laboratory. Reviews reactor research, development, design practices, operating experience, and aerospace applications, as well as current developments in reactor fuel processing.

Reactor Materials E. M. Simons and associates, Battelle Memorial Institute. Covers the properties, behavior, and fabrication processes of materials used in nuclear reactors and associated equipment.

Availability

SUBSCRIPTION RATE: The Technical Progress Reviews may be purchased from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402: *Nuclear Safety* at $3.50 per year (six issues) or $0.60 per issue; each of the other journals at $2.50 per year (four issues) or $0.70 per issue.

POSTAGE: Postpaid within the United States, Canada, Mexico, and all Central and South American countries except Argentina, Brazil, Guyana, French Guiana, Surinam, and British Honduras. For these Central and South American countries and all other countries: add, for each annual subscription, $1.00 for *Nuclear Safety* and $0.75 for each of the other journals; for single issues, add one-fourth of the single-issue price.

REMITTANCE: Payment should be by check, money order, or document coupons and MUST accompany order. Remittances from foreign countries should be made by international money order or draft on an American bank payable to the Superintendent of Documents or by UNESCO book coupons.
